GLOBAL EDUCATIONAL EXCELLENCE

Sponsor Statement: Ohio Council of Community Schools (OCCS) uses various methods to evaluate the school’s performance including published tests and other academic scores such as the Ohio Department of Education Local Report Card and supporting data. OCCS regional representatives visit our partner schools regularly ensuring compliance with federal, state, and contractual requirements. The results of this monitoring for the 2018-2019 school year are published in the 2018 Ohio Council of Community Schools Annual Report, available after November 30 at www.ohioschools.org.

Central Academy of Ohio

Districts and schools report information for the Ohio School Report Cards on specific marks of performance, called measures, within broad categories called components. They receive grades for up to ten measures and six components.

Achievement

The Achievement Component represents whether student performance on state tests met established thresholds and how well students performed on tests overall. A new indicator measures chronic absenteeism.

Graduation Rate

The Graduation Rate component looks at the percent of students who are successfully finishing high school with a diploma in four or five years.

Graduation Rates
This school is not evaluated for graduation rate because there are not enough students in the graduating class.
